

04 / MARKET INTELLIGENCE

Visitor Origin Explorer

How guest-origin information becomes a clear market view for your property.

Illustrative boutique guest house · 30-day sample window · Digital check-in origin data

DRILL-DOWN HIERARCHY

ILLUSTRATIVE COUNTRY / REGION RANKING

ORIGIN	SHARE	RELATIVE VOLUME
Germany	18%	
Domestic · Gauteng	22%	
United Kingdom	14%	
United States	9%	

Countries and regions with no represented volume are intentionally omitted from this ranked view.

MARKET OBSERVATION

Europe leads at 42%, with Germany and the UK as notable contributors. Domestic volume (38%) remains a core base, concentrated in Gauteng in this example. Americas provides a smaller long-haul contribution. Use this hierarchy to prioritise direct marketing, evaluate OTA mix, and time seasonal campaigns by source market.

HOW THIS SUPPORTS MARKET SMARTER

SERVE BETTER

Origin captured at digital check-in becomes the foundation for every market view.

MARKET SMARTER

Drill from world → continent → country → region → city to see where demand converts.

GROW WITH INSIGHT

Combine origin with occupancy and room performance for grounded commercial decisions.
